

## **LISTING OF CLAIMS**

This Listing of Claims will replace all prior versions, and listings, of claims in the application. Please cancel claims 2-17 and add new claims 18-25 as follows:

1. (Previously presented) A tyrosinase inhibiting activity composition comprising an effective amount of anthocyan for inhibiting tyrosinase activity, together with a suitable carrier.

2 - 17. (Canceled)

18. (New) A method of inhibiting tyrosinase activity, which comprises administering a composition comprising anthocyan to a subject.

19. (New) The method according to claim 18, wherein anthocyan is glycoside of delphinidin and/or glycoside of cyanidin.

20. (New) The method according to claim 18, wherein the composition comprises 0.1% to 50% by weight of anthocyan.

21. (New) The method according to claim 18, wherein the composition is administered orally.

22. (New) A method of ameliorating facial blood flow, which comprises administering a composition comprising anthocyan to a subject.

23. (New) The method according to claim 22, wherein anthocyan is glycoside of delphinidin and/or glycoside of cyanidin.

24. (New) The method according to claim 22, wherein the composition comprises 0.1% to 50% by weight of anthocyan.

25. (New) The method according to claim 22, wherein the composition is administered orally.
